

## What is Homeingle?

Homeingle is a **free** service that provides organizations, such as your own, with the online tools to connect with their members and local community. You can create a profile page for your church and allow your members to join. They're then able to connect through message boards, news, events, and needs.

### What makes Homeingle different?

We provide tools beyond the typical social network.

- » **Volunteer** opportunities are displayed from nonprofits and other organizations in your community.
- » **Tasks** can be delegated to your group members or volunteers when managing an event.
- » **Needs** (items/services) can be posted and responded to by your members.
- » **Local Support** for your public needs is provided by businesses through discounts and sponsorships.

### Is Homeingle safe?

Yes. Homeingle groups are monitored by our dedicated staff every day. Your group privacy settings can be configured to meet your level of security. All of the group features on Homeingle can also be controlled and monitored by you (the administrator).

### How do I get started?

To sign-up for **free**, go to [www.homeingle.com](http://www.homeingle.com).

To create a group for your church, login and click on [Create a Group](#).

### Can my church have our own customized site?

Of course. You can upgrade your service from the free site and have your own branded network for your members to join.

### To learn more about Homeingle

Visit [www.homeingle.com](http://www.homeingle.com) and click on [What is Homeingle? — Video Tutorial](#).
