

## What is Homeingle?

Homeingle is a free service that provides individuals with online tools to connect with local organizations, find volunteer opportunities, and search for events in your community. You can create a profile page, upload a photo, choose your skills/abilities, and list yourself as a local **volunteer**. Homeingle brings local volunteer opportunities to you.

### What makes Homeingle different?

We provide tools beyond the typical social network.

- » As a **volunteer**, you can join Homeingle and list your skills/talents. You can then request to volunteer for local events and join groups in your area.
- » Homeingle makes it easy for you to lend a hand. Groups can give you tasks to complete for volunteer events.
- » **Needs** (items/services) can be posted and responded to by your fellow group members and volunteers.
- » Unlike some social networks where you want to hide your profile from employers, teachers, and family, you will be proud of your Homeingle profile. Your profile lists your involvement in your community and volunteer efforts.

### Already using a volunteer network?

That's OK! Homeingle compliments your current volunteer efforts by providing additional tools other sites do not have. We provide tools to manage your skills/abilities, complete tasks, post needs, and collaborate with your volunteer groups. Since it's **free**, you have nothing to lose!

### How do I get started?
